

Report to Council

Item 17. General Data Protection Regulations Policy

Introduction

Council is required to have policy and procedures in place to ensure compliance with the General Data Protection Regulations which came into force on 25th May 2018 and that these are reviewed annually.

Current Position.

At the Annual Parish Council meeting of May 2018 the Parish Clerk presented a comprehensive assessment of the work involved in developing the Council's policy and procedures relating to the General Data Protection regulations 2018 and recommended that the drafting of the necessary documents be delegated to the Policy Review Working Group.

Council determined that the Clerk be asked to develop the required policy.

The Clerk has been unable to schedule the necessary time to undertake this task within the currently allocated working hours and it is therefore recommended that Council consider alternative methods of developing the required policy.

Peter Whitehouse
Parish Clerk
